WORK EXPERIENCE:

CPL Group / Hushtec --- *Web Manager* June 2025 - Present

- Developed responsive pages, reusable templates, and custom features using WordPress, PHP, JavaScript, HTML, CSS, and ACF.
- Maintained regional WordPress multisite, including content updates, navigation, and region-specific functionality.
- Built contact forms, product previews, PDF download flows, and video galleries to improve website usability.
- Supported migrations, DNS configuration, on-page SEO, and GA4/GTM implementation while troubleshooting website issues.

SEO Hacker --- *Web Developer* August, 2021 - April, 2025

- Built and updated SEO-friendly websites using WordPress, PHP, HTML CSS and JavaScript.
- Worked with design and content teams to improve website rankings and traffic.
- Customized WordPress themes and added plugins based on client needs.
- Made sure websites loaded quickly and worked well on both desktop and mobile..
